ABOUT US

Marine Safety as a part
of Unimars Group

Marine Safety is a safety and firefighting equipment supplier and service station, certified to conduct periodic equipment inspections and tests, as well as the worldwide servicing of safety, firefighting equipment and lifeboats.

Our more than 15-year experienced team of highly trained and professional engineers remains key to our clients' confidence in us, when they engage our safety services.

We are dedicated to offer 24/7 service on board of your vessel and issue the necessary certificates without interfering with your vessels schedule.

WE WORK WORLDWIDE

MOBILE SERVICE NETWORK

Our mobile service teams - trained and experienced service engineers follow your fleet in order to provide quality service wherever your vessel is. We arrange delivery of necessary supplies from our stock to your ships or warehouse location.

Mobile teams provide inspections approved by majority marine registers:

- Life-saving equipment
- Lifeboats and davits
- Fire-fighting equipment
- Cargo cranes
- Lifting equipment
- Radio survey
- Measuring devices

Mobile service stations are minivans equipped with all necessary equipment to provide class approved inspections and tests of firefighting and life saving equipment.

**ALL-PRESENCE
IN EUROPE**
