

# ABOUT US

Marine Safety  
is a part of  
Unimars Group

Marine Safety is a safety and firefighting equipment supplier and service station, certified to conduct periodic equipment inspections and tests, as well as the worldwide servicing of safety, firefighting equipment and lifeboats.

**Our team has more than 10 years' experience in inspections of safety equipment.**

Licensed periodic inspections are carried out worldwide by qualified service technicians who are ready to travel and work 24/7 in order to perform the inspections and issue the necessary certificates without interfering with your vessels schedule.

## WE WORK WORLDWIDE
