

TECHNICAL SUPPLY & SPECIAL MARINE PRODUCTS

UNIMARS GROUP

was founded in 1994 in Riga as a provision ship chandler. Since then we have grown into a large marine structure and for more than 30 years we provide diversified services for shipping, shipyard, offshore and windenergy industries.

Our main focus is on providing professional and personalised service for each client, building long lasting relations with our customers on a fair and transparent terms. Our aim is to be one call/email away for all our customer needs.

Two logistic hubs located in Baltic States and in Las Palmas allow us to carry out qualified supplies in European and African continents, whereas our services are provided **WORLDWIDE**.

- 
- A large container ship is shown from an aerial perspective, sailing on a dark blue ocean. The ship is white with a red hull and is heavily loaded with colorful shipping containers (red, blue, and white) stacked on its deck. A white wake is visible behind the ship as it moves through the water.

GENERAL SHIP STORES

IMPORTER

Supply of technical equipment (engine room, deck, galley) according to IMPA and ISSA

Supply of spare parts for diesels and marine mechanisms

Supply of protective clothing, footwear, bedding, etc.

MOORING ROPES

IN STOCK

Mooring ropes and tails certified by IACS, produced according to OCIMF's MEG4 standard:

PP / PES mixed with polyester ropes

Snap Back Arrestor advanced safety mooring ropes

UHMWPE / UHMWPE Mixed with Polyester

Double braided polyester ropes and other types of the ropes.

STEEL WIRE ROPES

A wide selection of applications for usage are lashing wires, fire wires, mooring wires, accommodation ladder wires, Hose Handling Crane wires, Overhead Crane wires, Freefall boat davit wires.

MARINE UREA 40% SOLUTION

Marine Urea 40% solution used with SCR equipment (De-NOx chemicals).

Packaging: 1000LTR IBC containers or in bulk.

LENOL MARINE LUBRICANTS

STOCKPOINT

Unimars is the official stockpoint for LENOL marine lubricant products, which include a wide range of high-performing main grade marine lubricant products such as Marine Cylinder Lubricants, System Oil, Trunk Piston Engine Oils, and Gas Engine Oils, as well as high-quality secondary grade products, including hydraulic fluids, gear oils, air compressor oils, turbine oils, refrigeration oils, and greases.

The LENOL product range is available from stock in Riga. Additionally, pumping services are available in ports in Latvia, Lithuania, and Estonia.

MEASURING, REGULATING AND CONTROL INSTRUMENTS

Unimars offers wide range of measuring, regulating and control instruments for the following areas:

- Environment & Engine Control
- Flow
- Gas Detection
- Instrument Valves & Manifolds
- Level
- Pressure
- Temperature
- Test & Calibration Equipment
- Thermal Imaging

TANK AND HOLD CLEANING CHEMICALS, EQUIPMENT, ACCESSORIES AND MORE...

MARINE CHEMICALS

STOCKPOINT

Unimars is an official distributor and stockpoint holder of CTC-CHEMTEC, StarMarine IMO and MARPOL approved marine chemicals in Baltic countries. The product range we offer includes:

- Chemicals for tanks and cargo holds cleaning
- Maintenance chemicals
- Water treatment solutions
- Fuel additives
- Test kits;

StarMarine
CHEMICALS

HIGH PRESSURE CLEANING EQUIPMENT & ACCESSORIES

IN STOCK

Ensure reliable maintenance of holds, tanks, and decks in heavy-duty environments.

WATER BLASTERS

(150–1000 Bar) – Perfect for powerful cleaning.

ACCESSORIES

(Couplings, Fittings, Lances, Guns, Hoses, Nozzles, Spares) – Everything you need for effective use.

ADVANCED PROTECTIVE CLOTHING FOR WATER JETTING

SUITS, HELMETS, BOOTS, GLOVES UP TO 3000 BAR.

Keep yourself safe while you work!

SAVING LIVES

WORKWEAR BUILT FOR TOUGH ENVIRONMENTS

 IN STOCK

We understand the challenges faced by professionals working at sea. Our selection of workwear and protective clothing is designed to meet the demanding conditions of marine environments.

Our assortment includes:

Footwear and Outerwear: Durable footwear, jackets, waterproof protective clothing, and coveralls to keep you dry and comfortable.

Thermal Clothing: Thermal underwear, socks, and undergarments designed for warmth and comfort in cold conditions.

Gloves: A variety of gloves including heat-insulated, nitrile, fishmonger's gloves, deck and bilge work gloves, sanitary gloves, and disposable options.

Protective Gear and Specialized Apparel: Helmets, visored caps, eye protection, high-visibility suits, and specialized equipment to ensure safety on the job. High-quality aprons and arm sleeves for added protection.

Choose our workwear solutions to guarantee safety and comfort in even the most challenging maritime environments.

WEICON Solutions for the

MARINE INDUSTRY

HATCH COVER SEALING SOLUTIONS

 **IMPORTER**

Our comprehensive range of original seals and sealing systems includes everything from traditional sponge and solid rubber seals to corners and gaskets with advanced design. Our products are designed for weathertightness of your hatch cover systems and ensure safety of your cargo!

Hatch cover rubber packing & corners

Sponge and solid rubber packing for watertight doors

Rubber covers, pads, fenders,

Other related products.

ANTI-PIRACY PRODUCTS AND ACCESSORIES

 **IN STOCK**

To make you feel safe at sea we offer the following anti-piracy products and accessories:

razor wire, connecting clips, sand bags, anti-piracy dummy

bulletproof vests, helmets, plates, night vision binoculars, and other accessories.

FRP GRATINGS

 **IN STOCK**

Isophthalic molded gratings,
Phenolic Pultruded gratings (USCG
approval certificate)

With various types of cells and surfaces. Advantages: Fire
resistance / Non-slip surface / Shock resistance / Excellent
corrosion resistance / Good UV resistance / Dielectric
properties / Do not require regular maintenance.

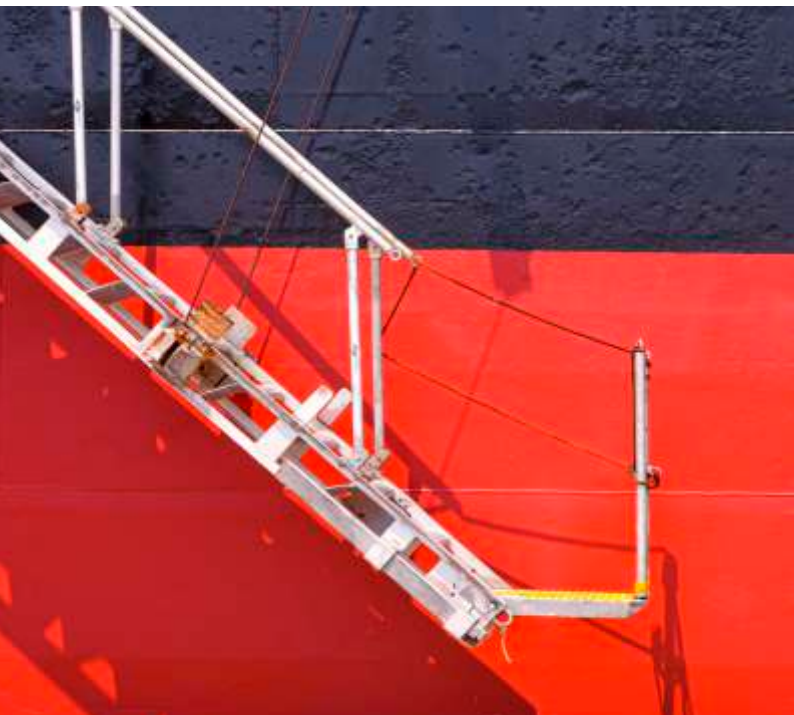

EMBARKATION & PILOT LADDERS

MANUFACTURER

Produced comply with MED
ISO799:2004 and MED ISO5489: 2008
by Unimars Safety SIA.

Available in different lengths

ACCESS STRUCTURES

PARTNER

We offers wide range of marine ladders:
Accommodation ladders, Gangways,
Bulwark ladders, Extension ladders,
Nonconductive ladders, Scaffolding, and
other types.

ANTI-GLARE SUNSCREENS FOR BRIDGE WINDOWS

Anti-glare rollers made of special marine material and very practicable for the crew at work because its ensure a clear view and helps to avoid reflections in bright sunshine and have a minimum color distortion.

Anti-glare

Minimum color distortion

Reduce heat

Minimize the chance of shipping accidents and ensure the safety of crew, passengers and cargo.

According to *IMO 5.1.1.2.6

* IMO 5.1.1.2.6: Bridge Layout - "To ensure a clear view and to avoid reflections in bright sunshine, sunscreens with a minimum color distortion should be provided at all windows. Such screens should be readily removable and not permanently installed".

WATER TREATMENT SYSTEMS

The system completely replaces premium bottled water as it filters out contaminants, including toxic substances, heavy metals, pharmaceutical residues, bacteria and viruses. Hardness salts are completely removed from the water, making hot drinks taste better and extending the life of your coffee machines or kettles.

Features:

- 99.99% protection from bacteria
- Reduces chlorine and organic compounds
- Binds heavy metals, Irreversibly traps contaminants
- Beneficial minerals stay in water
- Reduces carcinogens
- Traps free radicals
- Protects from allergens
- Elimination of cysts
- Removes contaminants down to 0.1 micron;

Reduces plastic waste on board

Provides a healthy environment for the crew

Quick installation & Easy maintenance

High speed of water flow

DRY DOCK SUPPORTING PRODUCTS

- CHOCKS & BOLLARDS (IMPORTER)
- QUICK COUPLINGS & REPAIR COUPLINGS
- VESSELS CATHODIC PROTECTION (IN STOCK)
- ANCHORS & CHAINS (IN STOCK)
- MARINE VALVES AND FITTINGS (IMPORTER)

CHOCKS & BOLLARDS

 **IMPORTER**

Chocks with different standards including ISO, JIS, DIN, NS. SWL will be from 8KN to 3000KN according to your requirements. Different types and sizes of the bollards which including the single cruciform bollard, double cruciform, NS2584 type, DIN 82607, ISO13795 one, ISO13797 cruciform, JIS F-2001, GOST11265-73 double cruciform, dock bollard and other customized type bollard according to the requirement of clients.

QUICK COUPLINGS & REPAIR COUPLINGS

Quick couplings/repair couplings (class approved), High performance cargo valves/sealing rings, Pipes / flanges, witness tested cargo reducers.

VESSELS CATHODIC PROTECTION

 **IN STOCK**

Using a sacrificial anodes is a standard method for corrosion prevention. We offering wide range of the anodes to use for cathodic protection of seagoing vessels (hull, ballast tanks, sea-chests, thruster tunnels, rudders), offshore platforms, wind turbines and other marine structures.

ANCHORS, ANCHOR CHAINS & ACCESSORIES

IN STOCK

Being an exporter and a reliable partner of the world's largest manufacturers and stock holders of anchor chains, We can offer not only the supply of quality equipment on board or to the shipyard, but also offer installation service and custom solutions for the urgent cases.

We offer :

- Anchors
- Anchor chains
- Anchor accessories
- All products certified by major classification societies.

MARINE VALVES AND FITTINGS

IMPORTER

As the approved distributor of the well known manufacturers, we can provide immediate dispatch of a wide range of valves and fittings on board of your vessel in specified location.

- Ball & Cock Valves
- Butterfly Valves
- Check & Storm Valves
- Control, Safety & Regulating Valves
- Couplings, Fittings and Instruments
- Filters, Strainers & Foot Valves
- Gate Valves
- Globe Valves
- Various Other Valves & Spares

MARINE SAFETY

- Firefighting appliances (FFA) and fire extinguishing systems (fire extinguishers, firefighting equipment, fire hoses, automatic fire extinguishing systems)
- Life-saving appliances (LSA) (pressure tanks)
- Breathing apparatus, self-contained breathing apparatus for emergency exit, chemical protection suits
- Outboard ladders, gangways, pilot ladders and storm ladders
- Individual life-saving appliances (lifebuoys, vests, inflatable lifejackets, immersion suits)
- Lifting devices, cranes and cords
- Liferafts inspection and certification

**Our service stations are located in Latvia and in Las Palmas de Gran Canaria.
All stations staffed by first-class service engineers with more than 15 years of work experience**

UNIMARS NAVIGATION

RADIO NAVIGATION EQUIPMENT AND AUTOMATION SYSTEMS

- Marine communication and radio-navigation equipment maintenance and repair
- “Black boxes”, UAIS, SSAS, radar stations, radar and AIS rescue transmitters, emergency position-indicating radio beacons, COSPAS-SARSAT, ECDIS, BNWAS, television security video surveillance systems
- Satellite radio-navigation systems installation and repair
- Electronic navigation devices maintenance and repair
- Navigational instruments maintenance and repair
- Magnetic compasses detection and elimination

MANUFACTURERS AND APPROVALS:

- PROVISION AND BONDED STORES SUPPLY
- UNIMARS CATERING SERVICES

PROVISION AND BONDED STORES SUPPLY

We guarantee delivery of top-quality products with maximum shelf life at competitive prices and in short term. Our trucks equipped with 3 different temperature cameras guarantee freshness of products even if vessel ETA will delay.

- Meat and fish
- Fruits and Vegetables
- Dairy
- Groats
- Canned and tinned goods
- Fats and Oils
- Cigarettes
- Wine and Beer
- Strong alcohol
- Beverages
- Sweets

We deliver to: Las Palmas de gran Canaria and Latvia, Lithuania, Estonia, Finland, Sweden, Denmark, Norway

UNIMARS CATERING SERVICES

YOUR PROVISION MANAGEMENT PARTNER AT SEA

- Quality victualing based on crew dietary needs and cultural differences
- Professional provision purchase based on consumption norms
- Transparent and independent provision purchase analysis
- Victualing budget optimisation and control
- Variable menu planning based on nutritional guidelines
- Provision stock optimization
- 24/7 catering officer support
- Internal resources optimization by outsourcing provision management
- Regulatory compliance

UNIMARS PROCUREMENT SUPPORT

YOUR TECHNICAL MANAGEMENT PARTNER AT SEA

- Professional technical stores purchase based on client needs
- Transparent and independent purchase analysis
- Budget optimisation and control
- Stock optimisation and control
- 24/7 catering officer support
- Internal resource optimization by outsourcing technical purchase
- Regulatory compliance

NOVIKONTAS MARITIME COLLEGE

MODERN EDUCATIONAL INSTITUTION FOR AMBITIOUS SHIP'S OFFICER

Novikontas Maritime College offers modern and high-quality international level education for anyone who wants to associate their life with maritime industry.

- STCW required courses
- College and upgrade programs for Navigators and Marine Engineers

During study process students will get

- Mechanical skills
- Survival safety Competences Obtained at Novikontas Safety and Survival Theater
- Basic Safety Skills
- First Aid Skills
- Professional skills in cargo handling

NOVIKONTAS IN NUMBERS:

150+

training courses

40

full time instructors

250+

students

6

educational programs

150+

part time instructors

12 000

trainees annually
from 35 countries
